

GMHA

2015 Annual Report

Executive Director's Report

The summer season has gone by quickly. I arrived at GMHA in March and was immediately swept up by all that happens here during the season. With the help of GMHA's dedicated staff I was able to keep up and gain an amazing amount of knowledge in a very short period of time.

The season's events were very successful. Entries were on par with or above last year. Our Summer Hunter Jumper Show and Dressage Days grew enough to support renting portable stalls in order to accommodate extra competitors. The Festival of Eventing was a huge success again this year drawing strong competition in Beginner Novice up through CIC*levels. This season was my first exposure to Combined Driving Events and I must say that it's a very exciting sport. It was also my first exposure to Competitive Trail and Endurance Rides, which are such an integral part of GMHA's history. Next year will be the 80th anniversary of the 100-Mile Ride and it will be a celebration. Mark your calendars now so you can attend this big event.

None of the events would be as successful as they are without the help of our dedicated volunteers. They help with all aspects of our events, and make it look easy. We celebrated our 2015 volunteers with a brunch in October.

Thanks to you, this year was also a successful fundraising year. With your substantial donations we were able to purchase the Rush Meadow ring, a 100m x 40m professionally engineered grass arena located on 5.6 acres in West Windsor. In addition to the ring, the property serves as a trailhead for two permanent Members' loops. Your generosity allowed us to preserve the open space and rural character of a key neighborhood for the community.

Our second fundraising effort involved raising money to complete Phase II of the Upwey Barn Roof Project. On Saturday, August 1, we hosted a Raise the Roof Wild West Fundraising Party in the Upwey Annex. Approximately 170 people enjoyed the catered BBQ dinner and the Mechanical Bull Riding Competition. Work began on November 3 and should be complete by November 30.

Last, but not least, I would like to thank the landowners for welcoming me to the neighborhood. Your generosity and support help GMHA achieve its mission of providing and maintaining opportunities for educational and competitive activities for diverse equestrian disciplines, emphasizing equestrian trails preservation, horsemanship and youth education.

Here's looking forward to another successful year.

Special Thanks to Birch Hill Farm

for the continued use of their beautiful property
for our events.

Scholarships & Awards

The **GMHA Young Equestrian Development Scholarship** provides financial assistance to hard-working young riders to enable them to compete or participate in a learning activity at GMHA. The goal of this scholarship is to help the young rider community achieve their equestrian goals and improve their horsemanship skills. This year GMHA awarded over \$1,300 to 7 talented young equestrians. We watched them utilize their scholarships by pursuing their riding goals in a variety of events from the 100-Mile Competitive Trail Ride to the Festival of Eventing.

The **GMHA Junior Horsemanship Clinic** provided \$5,000 in financial assistance to JHC campers. This year eleven campers received scholarship awards which enabled them to attend the 8 day eventing clinic. GMHA places great value and importance on investing in young riders so that they may further develop their equestrian education.

The **Eileene Wilmot Award**, sponsored by Birch Hill Farm, goes to Junior and Young Riders competing in the GMHA Festival of Eventing August Horse Trials in the Preliminary Division. This \$2,000 is awarded to the top 3 riders to invest in lessons, clinic and competing. The winners of this award are Woods Baughman, Sarah Grice and Abby Dubrawski.

The **Birch Hill Excellence Award** is open to Junior/Young Riders competing at Training Level in USEF recognized horse trials at GMHA and other events in USEA Area 1. Riders must submit their 3 best scores (on the same horse) for the season by November 30. At the time of publication, we are still accepting applications for this award.

We thank the donors who make these awards and scholarships available. Their generosity provides a unique and special opportunity for many young riders.

The Latest Dirt on Trails

Maintenance Roundup

A warm and dry year has been kind to the trails. The work we did last Fall to address erosion and water damage in West Windsor and Reading has held beautifully. This summer we took advantage of the conditions and repaired one very gooey but important section of trail at the end of Calendar Hill Road in Hartland. Member and volunteer Steve Grover from Hartland provided the expertise and the excavator. The result was cleaned and enhanced water bars and a system for handling water at the base of the trail that will helpfully halt the erosion in a major trail intersection. The rest of the maintenance this year has been an unprecedented amount of ‘tree-age’ – this year the conditions seem to be ideal for falling trees. Thankfully, our trail stewards and landowners have been vigilant and creative as we have worked together to keep the trails clear. As always, if you see anything that needs attention on the trail, I am all ears.

New Adventures Await

Thanks to the expanding generosity of landowners, we have been able to utilize more trails than ever. **New sections of trail have become available in all 4 of our area towns.** This year, we put together a section of trail in Woodstock that made it possible for carriage drivers to enjoy many more miles of off-road terrain on their competitive drives. We are working with another enthusiastic landowner to restore a vast section of carriage trails right in our backyard.

Members’ Loop Expansion & Mapping Project

The acquisition of the Rush Meadow Ring and its use as a trailhead is a great step forward for our trails program. Now, riders can park and ride from the Ring anytime our main grounds are otherwise occupied with an event. There are 2 new Members’ Loops from that location that are even carriage-

friendly. Along with the new loops, we have improved our mapping of all Members’ Loops, so we can now offer accurate, easy-to-follow maps of all loops to our members.

Easement Updates

The trail preservation work continues as we actively maintain our existing 26 trail easements and work within the community to identify more prospective trails. Together with the Easement Advisory Committee, we are creating a strategic map with short- and long-range goals. I have met with the Upper Valley Board of Realtors and the West Windsor Conservation Commission this summer to discuss ways that we can collaborate and spread the message about the value of conserved trails. We actively participate in joint care of the trails with the North Country Hounds, Upper Valley Land Trust, and VAST. This year we have also worked to strengthen communication with the local mountain bike groups who are becoming much more active with events and trails management.

Landowner Relations

This year we have made great strides in increasing dialogue with neighbors, landowners, trail use organizations, and riders. One of the most encouraging things to see has been how eager the riders are to express their appreciation to landowners either in person when they meet on the land, or by sending hand-written expressions of what this area and these trails mean to them. Finally, we are gearing up to exhibit at Equine Affaire this year to bring our message and mission to a wider New England audience, which is sure to raise awareness of the advantages of GMHA membership for trail riders. There truly is no place like our area for sheer beauty, abundance, and miles of good trail. We end this season with great promise for 2016.
